Etiquette & Procedure Tips

From time to time we review specific tips to remind us all of etiquette and procedures regarding thoughtful play at LBC. To view the entire document, click [here](#).

A link is also found from our [home](#) page under **About Us: Code of Conduct**.

Tip 28 FINISH THE TRICK

- Wait until you have seen the other three cards, and others have seen your card, before you turn your card over. **While your card is face-up, you may ask to see the other three again.** Once you have turned your card over, you may not ask to see the other cards (Law 66.a).

Note: It is improper to request this inspection unless it is desired for the player's own information. It should not be done if the purpose is to call partner's attention to a play.

- You may not look back at cards played to an earlier trick during the play of the hand, **except to check who is on lead by looking at your own last card played**, or as directed by the Director in making a ruling (Law 66).

- Keep track of tricks won and lost during the play by turning the cards in the appropriate direction (Law 65).

Upcoming Events

For special events calendar, click [here](#).

Upcoming Sectional Tournaments
