

## 8 is Enough Swiss Teams – Sunday, April 29, 2018 - 1 p.m.

Our next Swiss Team game is Sunday, April 29 at 1 p.m.

**Eight is Enough** is a Swiss Teams format which evens the strength of the teams and gives everyone a fairer chance to win. The game is always fun and provides the opportunity to play with someone new!

Here's how it works:

In **Eight is Enough** each player is assigned a point value based on that player's total masterpoints. Each team consists of four players whose total point value does not exceed 8.

- C** - Players with 0 - 200 masterpoints: = 1 point
- B** - Players with 200 - 1000 masterpoints: = 2 points
- A** - Players with 1000+ masterpoints: = 3 points

This means that if two A players want to play together, they will play with two C players:  $3 + 3 + 1 + 1 = 8$ .

Four B players may team up. They each count as 2 points and  $2 \times 4$  is 8 - Eight is Enough!

A team may have a value of less than 8, but may not exceed 8.

There are no restrictions to partnership combinations among team members.
